

## AFR - FRENCH LOCATION & UNIT MANAGERS

The AFR is the French Location & Unit Managers association. It has 115+ active members (from Set PA's to Location & Unit managers — in France, Location managers are also Unit managers). Our members speak English and work on all types of French and international productions, filming all over the world.

The AFR was founded in 2006. Its goal is to promote French Location & Unit Managers and to remain a unique source of information, particularly pertaining to laws, regulations and shooting permits, etc. Our members' CVs are available on our website: [www.afrcinetv.org](http://www.afrcinetv.org)
