ABOUT ME

I was born in Madrid in 1976 and from an early age I have had great admiration and real passion for the movie industry. After I finished my studies and at only 18 years old, I started my first television series shooting in 35mm as production runner. I continued my career with interspersed movies, television and advertising.

During the last twenty-one years I have worked with several renowned directors such as Imanol Uribe, Montxo Armendariz, Juan Carlos Fresnadillo, Jose Luis Garcia Sanchez, Emilio Estevez and Guillermo del Toro. In particular, I have worked on numerous films with Pedro Almodóvar as a director. I have also participated in international productions like "The Bourne Ultimatum", "Asterix aux Jeux Olympiques" and "Taken 3". To date, my path has included more than 45 feature films as well as several commercials and television series.
